Attn: Office of Petitions

Petition to Withdraw Holding of Abandonment

RESPONSE TO UPDATE STATUS:

Mail Abandonment for Failure to Respond to Office Action

This application is not abandoned; below you will find information supporting my statement. In this fax, I am sending copy of receive from Office Depot, 6 pages, answering examiner questions, about class.

I also try to reach him by phone. And send to him some information by email. And also I check, the private Patent Application Information Retrieval (PAIR) system for the status of the correspondence.

Because I file in 2003, and this process has been very long, I have to confess that I check every 3 to 4 month, but before, back in (2003-05) I use to check every 20 to 35 days.

Below you will see, also screen copy, of my last check out, in PAIR system.

And the status at that time was: non final action mailed.

Now I check today, and I find this new status, and I reach examiner, and forward to him the information that was requested at that time again, and he received, but ask me to write this letter to the director of Office Petitions, to withdraw the abandonment status, and work again in my file.

After a phone conversation, I realize, that I direct the fax to Mr. A L Brown, but it look like there is almost 40 people, with last name Brown in USPTO office.

The fax refers only to support a classification 707/003 for pricing system, sent to Mr. A L Brown.

Thanks so much for your help, and understanding, I use to assume that the process was slow, but it became very fast at the end, thank you again for your help to update this file, in this difficult times, any help is very appreciated.

Thanks again so much.

Below you will find

- 1- Screen pic of PAIR status.
- 2- Fax receives from Office Depot doc manager fax mail. - on time-
- 3- Also, if is possible update my address, my unit has change.
